Jeff,

It appears there is more than one hole and it's not drainage it's ventilation for the vaults that DWP installed. We really do need to meet with them when they come out, please.

Hi Diana,

Per our crew, the hole has been covered but they said it appears to be a drainage hole...not DWP...

Jay,

Jesse went by and the hole has been covered. He said it looked like a drainage hole.

Richard/Ron,

Can you have your pump or gas crew look into this and let us know what they find.

Thanks

Hi Jeff,

please see email below from our Historic Core Business Improvement District. Can you see if there's something you can do for them please?

Thanks
Diana

Hi Anika and Diana,

Can you help me find the appropriate contact at LADWP for alley work? We have a manhole in the alley next to our office that was left uncovered after they opened it a few weeks ago for some work. Who at LADWP would handle work orders like this?

Noah
